# Sew Steady®

Dream World Northwest

Made in the U.S.A.

Instructions for Installing Your Sew Steady Universal Table & Insert Grid

Fig. A

Fig. B

Fig. C

Fig. D
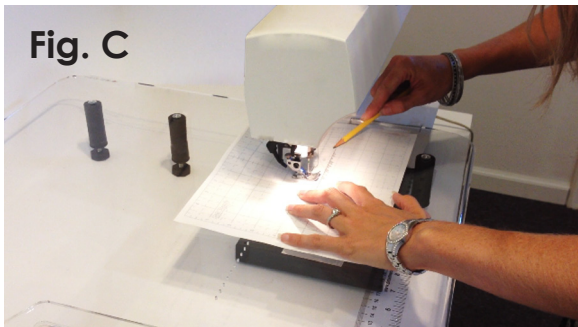

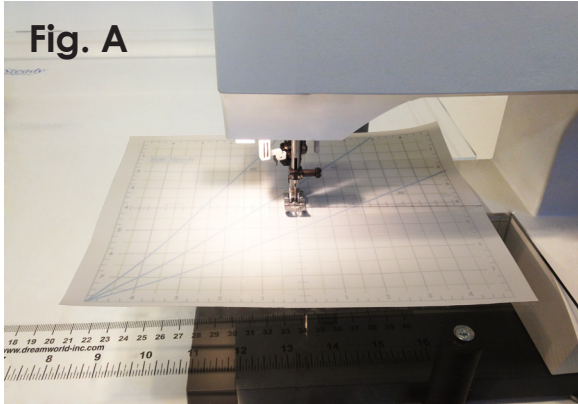

1. Place Grid paper-side up (with logo on top left) over the freearm
2. Line-up center point of the Grid with the needle on your machine (set presser foot & needle down to help keep Grid stable) *(see Fig. A)*
3. Tape Grid onto Table/Insert to secure *(see Fig. B)*
4. Move Table away from machine, or remove Insert from cabinet
5. Use a pencil to create a tracing or rub of the Table/Insert cutout around the freearm *(see Fig. C)*
6. Remove Grid
7. Cut out freearm shape from Grid along your tracing or rub
8. Peel paper-backing off Grid, using perforated edge
9. Attach Grid to underside of Table/Insert starting at the tip of the free arm, Grid will appear upside-down & reversed *(see Fig. D)*
10. Secure Grid to underside of Table/Insert, smooth out air bubbles with edge of credit card or driver's license
11. Place Table back onto machine, or place Insert back into cabinet, making sure Table/Insert is level with the top of the freearm *(see photo on reverse)*
12. Attach Table Lock to smooth surface of both machine and Table *(see photo on reverse; Table Lock may not work on all machines)*

GRID IS REMOVABLE!

The Sew Steady Universal Table/Insert Grid is to be used as a measuring tool, not a cutting tool. We never recommend cutting on a Sew Steady Table or Insert.

Sew Steady Universal Table & Insert Grid

Dream World Northwest
Sew Steady®
Made in the U.S.A.

30°, 45°, 60° Angles
